

TEAK SINKS DATA SHEET

The William Garvey Teak sinks are constructed from teak and specialist marine plywood. They are available as a single or double bowl. A deeper version based on the traditional Belfast pattern is also available. The internal corners of our sinks are rounded to a radius of 16mm to facilitate cleaning. Each sink comes complete with steel fixing brackets for attaching to the underside of a worktop. Alternatively, they can be supported from below on framing or a cabinet. All WGL products can be bespoke made to meet your specific project requirements.

DIMENSIONS	SINGLE		DOUBLE		BELFAST PATTERN	
length	595mm	23.4"	800mm	31.5"	595mm	23.4"
width	500mm	19.7"	500mm	19.7"	455mm	18"

DESIGN CONSIDERATIONS

PLUMBING CONNECTIONS

- Our Teak sinks are fitted with a standard 1 1/2" Franke stainless steel basket strainer waste compatible with standard sink traps.
- Please note - Overflows are available, but are not fitted as a standard item.

BESPOKE SIZES AVAILABLE

- Our teak sinks can be made to individual sizes..... Please contact us to discuss your specific requirements

CARE & MAINTENANCE

- All William Garvey teak work is finished with a specially formulated marine polish. It has exceptional adhesion to the timber, forming a tough layer which will not absorb stains and is easy to clean using ordinary non-abrasive bathroom and kitchen cleaners.
- Products containing bleach should be avoided as they will have a detrimental effect to the marine polish finish. Limescale removers can be used without the risk of damage.
