

DUCKBOARD DATA SHEET

William Garvey duckboards are made of solid teak and are supported on rubber buffers. All duckboards are designed to be removable to facilitate cleaning. For large shower spaces duckboards can be supplied in two or three interlocking parts. All WGL products can be made bespoke to meet your specific project requirements.

DESIGN CONSIDERATIONS

BESPOKE SIZES AVAILABLE

- Duckboards can be made to individual sizes..... Please contact us to discuss your specific requirements

CARE & MAINTENANCE

- All William Garvey teak work is finished with a specially formulated marine polish. It has exceptional adhesion to the timber, forming a tough layer which will not absorb stains and is easy to clean using ordinary non-abrasive bathroom and kitchen cleaners.
- Products containing bleach should be avoided as they will have a detrimental effect to the marine polish finish. Limescale removers can be used without the risk of damage.
