William Garvey Bespoke Furniture have been manufacturing the finest quality furniture for more than 50 years. We have worked with interior designers, architects, contractors and private individuals on super-yachts, villas, houses and apartments both in the U.K. and across the World.

Our company was borne out of Bill's skill and passion as a cabinet maker of distinction, originally manufacturing bespoke wooden furniture for clients in Devon.

Over the years the company has grown, as has our reputation for producing the finest pieces of furniture.

Wood is still the starting point for many of our projects and pieces of furniture, however we now regularly use a huge range of other materials in order to create the perfect pieces for our customers homes.
